CENTRIA Unveils New Product Catalog

Features Brand New Solutions, Including Halogen-Free IMP Offerings and Additions to the Intercept™ Line

Moon Township, PA, June 04, 2018...CENTRIA, leading manufacturer of high-performance building envelope solutions, presents the latest insulated metal panel technology and product innovations in its new 2018 Product Catalog.

With a bold new cover and striking project images, CENTRIA highlights new additions, coatings, and product page updates to showcase its wide-ranging and aesthetically-diverse range of insulated metal panel offerings.

“Our catalog not only features our latest product and system enhancements, but also places them in context, allowing architects, general contractors and building owners to visualize their applications in real-world scenarios,” said Julie Pawuk, Marketing Communications Manager. “We are also excited to announce that our best-selling Formawall® Dimension Series® insulated metal panel system is now enhanced with halogen-free foam, delivering improved sustainability and performance.”

New product and system additions to the catalog include:

- Formawall Halogen-Free: The only insulated panel system with halogen-free enhanced fire protection that comes standard.
- Intercept RZR modular metal panels: Offering unique sloped depth in both horizontal and vertical applications, with concealed fastener attachments for exterior walls and soffits.
- Intercept HLZ modular metal panels: Perforated modular metal panels with concealed fastener attachments for exterior walls and soffits.
- Celestial™ Effects coating system: PVDF coating systems in deep, brilliant colors that shimmer in the light.
- Allura™ Natural Stone Series: Five, stone-inspired hues added to the line of matte, low-gloss finishes.
